Assessment of Night Food Market - A Case Study of Puri, Odisha

Bedprakash Senapati¹, Mrs. Swapna Sarita Swain², Mr. Rohan Dhal³

School Of Infrastructure And Planning, Odisha University Of Technology And Research Ghatikia, Bhubaneswar, Odisha, India

Abstract: This study assesses the night food market in Puri area, The research explores the unique features of the Puri market scene during night time using a case study methodology and evaluate the assessment of the night food market. This report attempts to paint a clear picture of the viability and potential impact of a night food market in the puri area through in depth analysis and data driven insights. The ultimate objective is to support the creation of an inclusive, sustainable tourism model that enhances the experience for tourists while empowering local communities.

Keywords: Night Market, Night Food Market, Food Market, Puri Market, Odisha Night Market, Odisha Tourism, Tourism Night Market Model

I. INTRODUCTION

Puri is a popular tourist destination along the bay of bengal in Odisha, India, recognized for its rich cultural heritage, magnificent beaches, and historical significance. A well planned night food market tourism model can improve the quality of tourist experience and also provide support in benefit of “local economy”, “social &cultural benefit” & improving infrastructure of Puri.

II. NEED OF THE STUDY

Puri is a most popular tourist destination in Odisha. According to the survey data 60% tourist are visiting Odisha only for Puri and overall there are 1.50 crores visitors visit Puri every year and 40,000+ visitors per day. According to the ground survey 15000+ tourists reach puri during night time. This study will help to assess the potential of a NIGHT FOOD MARKET in Puri and Its feasibility of establishing a night food market and enhance tourist experience

III. AIM

To assess the feasibility and potential of establishing a night food market in Puri & recommendation to support the topic.

Image 1: Showing Puri Town During Night Time

IV. OBJECTIVE

- 1) Evaluate the potential and demand for a night food market among tourists and locals in Puri, Odisha.
- 2) Study the potential Customer for night food market in puri.

V. SCOPE

- 1) Focus on Puri city and “POTENTIAL FOR A NIGHT FOOD MARKE”.
- 2) To study the demand for food options at night for local, visitors & late night arrivals.

VI. LIMITATIONS:

- 1) External factors: The feasibility and impact of the night market may be influenced by external factors beyond the scope of this research, such as government policies, economic fluctuations, and unforeseen events.
- 2) Community perspectives: While the research will consider community support and potential challenges, in-depth engagement with diverse community members may not be possible within the research time frame.

VII. EXPECTED OUTCOME:

- 1) Through comprehensive analysis and data-driven insights, this research aims to provide a clear picture of the FEASIBILITY AND POTENTIAL IMPACT OF A NIGHT FOOD MARKET IN PURI AREA.
- 2) The ultimate goal is to contribute to the development of a sustainable and inclusive tourism model that empowers local communities and enriches the visitor experience.
