**Abstract:** *The history of any art is the basic nail root. In ancient times humans were first seen as the basis of omens and then began to worship the planets as deities due to the effects of the rages of nature. They then began to observe the changes in nature caused by the planets and the consequences. As a result of such research, the planets Sun, Mars and Saturn were divided into evil planets and the planets Moon, Mercury, Guru and Venus were divided into virtuous planets. Based on this they have been doing continuous study of people for centuries. The effects of planetary influences on this planet were first seen only by nations and kings, and then gradually benefited an individual. The result was a gradual breakdown of the sky, galaxy, and zodiac. Historians believe that the oldest fortune-teller was written on April 29, 410 BC. Going abroad was considered a great achievement and an active activity in the 1970s - 80s. It was considered an act performed only by the affluent. They only went abroad for higher studies and work. Due to the subsequent scientific development and technological development, going abroad has become a very simple thing. Indians got job opportunities abroad through computer and software. The growth of India's current computer industry has made it easier for all people to go abroad.*

### I. INTRODUCTION

Entitled 'Yoga Going Abroad', this study has kept most of the people born in India with the idea of going abroad at least once in their life. It comes in many forms: higher education, medical education, marriage, work, career, travel and women living with their husbands after marriage, the opportunity to go abroad for the delivery of a daughter or daughter-in-law living abroad, and for the care of grandchildren after childbirth. The purpose of this study is to study the benefits of those who have gone abroad and those who are living abroad permanently and to explore who will be eligible for yoga abroad.

### II. THE FRAMEWORK OF RESEARCH AND PARAMETERS

#### A. First House

If the lord of the first house is in the 7<sup>th</sup> house and associated with a benefices, the native would live in a foreign country and die there.

- 1) The ascendant lord should be in the 7<sup>th</sup> house.
- 2) The ascendant lord should be associated with a benefices.

#### B. Third House

Short journeys are signified by the 3<sup>rd</sup> house and a planet in the 3<sup>rd</sup> house aspects the 9<sup>th</sup> house. If the lord of the 9<sup>th</sup> house is in the 3<sup>rd</sup> house, foreign journeys particularly for pilgrimages are undertaken.

#### C. Fourth House

The fourth house is the house of residence. Affliction to this house takes a person abroad who settles down there.

#### D. Seventh House

This house also deals with foreign travel. If the lord of the 9<sup>th</sup> in the 7<sup>th</sup> house with the 7<sup>th</sup> lord one earns in a foreign country. The principles given are two, the lord of the 9<sup>th</sup> should be in the 7<sup>th</sup> house and secondly should be associated with the 7<sup>th</sup> lord. It means the conjunction of the 7<sup>th</sup> and 9<sup>th</sup> Lords in the 7<sup>th</sup> house.

- 1) If the 7<sup>th</sup> lord is in the Lagna, one may go abroad.
- 2) If such a 7<sup>th</sup> lord is with benefices one may go on frequent travels as a sailor or the leader of a crew.
- 3) The 7<sup>th</sup> Lord in the 12<sup>th</sup> means seeing many foreign countries.

#### E. Eighth House

This normally involves journeys by sea in connection with the treatment of sickness. Instead of emphasizing travel by the sea, it should be taken to mean crossing the sea.

**F. Ninth House**

The 9<sup>th</sup> house signifies long journeys. The 9<sup>th</sup> lord in the 9<sup>th</sup> with Rahu makes one's father famous in a foreign country.

- 1) It is the 9<sup>th</sup> and not the 10<sup>th</sup> house that has been taken for father.
- 2) If such a combination exists in the horoscope of a child, his father may live abroad and naturally gives to the child a foreign connection.

**III. ASPECTS IN YOGA FOR FOREIGN VISIT HOROSCOPES**

- 1) Yoga going abroad occurs when the planets Rahu, Saturn and the Moon sit in 9<sup>th</sup> – 12<sup>th</sup> places. Overseas yoga is caused by the sitting of the planets Rahu, Saturn, and the Moon, which can provide overseas yoga in Bhakyashtana(9), overseas, distant, and sleepy places (12).
- 2) 1 - 9 - 12 house lords get the essence of Rahu, Saturn and the moon star, so the yoga of going abroad occurs.
- 3) 1 - 9 - 12 obtaining the essence of their star pada causes yoga to go abroad.
- 4) Yoga going abroad occurs as the movable zodiac, water zodiac or air zodiac is 9<sup>th</sup> – 12<sup>th</sup> places to the Lagna target. As the average person is unable to stay in one place like a snake, the 9 – 12<sup>th</sup> sign of the average person will go abroad, resulting in yoga going abroad. Water Zodiac gives to the person an unstable state like stagnant water, so 9<sup>th</sup> – 12<sup>th</sup> water zodiac will have the opportunity to go abroad. As the air zodiac becomes unstable in one place like an airborne cargo, the air zodiac becomes 9<sup>th</sup> – 12<sup>th</sup> place as air zodiac will give it a chance to go abroad.
- 5) 1 - 9 – 12<sup>th</sup> Lords change within themselves and the yoga of going abroad occurs. Lagna house lord, Bhakthyathipathi, Foreign zodiac house Lord Change within themselves are those who are spiritually driven to go abroad.
